Waterbury, Connecticut

Dear Friend,

How's everything going? We had a good holiday season. My wife gave me a book on collecting postcards from the period 1894-1914. I am developing another dimension to my postal collection on Lake Mohonk. I've started collecting stereographic cards of Lake Mohonk. Currently, I have five out of an 1870's series consisting of 62. A close friend of mine gave me an original 1896 stereoscope to view the pictures in 3-D. Your postal friend, Charlie
